

INVIROTEL ENERGY MANAGEMENT

Invirotel was established in 2011 to cater for the growing need in smart energy management solutions and to pursue innovations in the green technology sector. Today the company is a distributor of smart electrical meters with specific skills in software development and management solutions to create a niche reporting and monitoring output, which allows customers to have full visibility and understanding of electrical consumption.

Invirotel specialises in the following:

- Smart meter management;
- Profiling;
- Portfolio management;
- Demand side management;
- Savings and recoveries;
- Vending management;
- Billing management;
- Analysis;
- Reporting.

DISTRIBUTION/TARGET MARKET

Invirotel has three main target markets: municipalities, commercial, and the owners/managers of tenanted buildings. Invirotel products are available at selected Voltex Distribution stores.
